Curtis reserves the right to limit the value and/or quantity of any one shipment.

4. **CHANGES:** No change in drawings or specifications or terms of sale may be made unless specifically agreed to in writing and signed by an officer of Curtis Instruments, Inc. If such changes cause a material increase or decrease in Curtis Instruments' cost or in the time for performance of Buyer's order, equitable adjustment in the price and time for performance will be made by Curtis Instruments, and Buyer's order, will be modified in writing accordingly.
5. **LIMITED WARRANTY AGREEMENT:** Curtis warrants that the products sold to Customer by Curtis will be free from defect in materials and workmanship for a period twenty-four (24) months of single shift, from the date of manufacture of the product, subject to the terms and conditions in this Limited Warranty, except with respect to Curtis/Albright products for which the length of the warranty period is fourteen (14) months from the date of manufacture.

If, during the applicable warranty period, (i) Curtis is advised in writing as to a defect in a Curtis product; (ii) such product is returned to a receiving point designated by Curtis; and (iii) an examination of such product discloses to Curtis' reasonable satisfaction that such product is defective and such defect was not caused by accident, abuse, neglect, alteration, improper installation, lightning damage, submersion, short circuits due to improper handling, repair, improper testing or use contrary to any instruction issued by Curtis, Curtis will replace or credit the defective product at no cost to Customer, except for transportation costs. Curtis reserves the right to repair at its option. Replacement shall mean furnishing the Customer with a new product equivalent to the defective product. All defective products replaced by Curtis under this warranty shall become the property of Curtis and must be returned to Curtis properly packed to prevent physical damage.

Customer shall be responsible for evaluating the appropriateness of the use of any specific Curtis product for a particular application and shall specify such use at the time of the placement of any order for a Curtis product. Curtis shall be entitled to rely exclusively upon such representation in furnishing any product to Customer.

Curtis Prototype Products are not available for distribution at the time they are shipped to Customers and are not intended for use in a production environment. In consideration for receiving a copy of the Prototype Product for Evaluation, Customer agrees to inform Curtis of all problems and ideas for enhancements which come to Customer's attention during the evaluation period. Curtis retains all right, title, and interest in the Prototype Product(s) and in all materials delivered in connection with such Prototype Product. Customer understands and agrees that Curtis makes no representation or warranties regarding use of the Prototype Product.
